

Dual Enrollment - In-State Students

Thank you for contacting us for information about our Dual Enrollment Program here at Bryan College. Please use the links below to answer some of the common questions. Our DE Program is for high school junior and seniors who have a minimum of a 3.0 GPA. You may apply during your sophomore year, but you will not be allowed to register for courses except for your junior/senior years. You can register and take 6 credits/summer term and 12 credits/fall and spring term. You can also take our courses the summer after your sophomore/junior/senior year graduation at the current DE rate, as long as you haven't attended another college during that time.

Use "ctrl+click" (control key and mouse click) on bright blue links to access more information.

Tennessee Dual Enrollment Grant:

- Students must be eligible and apply for the grant [each semester](#) that tuition is payable and due.
- Continued eligibility is based upon maintaining a 2.75 grade point average on all college courses (not high school courses) taken in the dual enrollment in any and all colleges. This is the requirement for the state of Tennessee. Bryan College DE courses require you to maintain a 3.0 grade point average to use the TN grant for our courses.
- Students may request up to 2 grant allotments within a semester.
- If you opt for a second grant allotment, you must contact Beth Hixson in financial aid (hixsonbe@bryan.edu or 423-775-7557) with your full name, school, and request.
- If you plan to register for courses at 2 separate colleges, you must contact Beth Hixson in financial aid (hixsonbe@bryan.edu or 423-775-7557) and complete the [consortium agreement](#) at <http://www.bryan.edu/financial-aid/de>.
- Read eligibility requirements and how you may use your grant monies at the state website: <https://www.tn.gov/collegepays/money-for-college/tn-education-lottery-programs/dual-enrollment-grant.html>
- After you have used all of your TN DE Grant, Bryan College offers a \$200 scholarship per course starting with the 4th course.
